About the Workshop:

This is the 2nd Air Inspector Workshop sponsored by the U.S. Environmental Protection Agency, Region 5 and the Lake Michigan Air Directors Consortium (LADCO), and is open to all Federal, State, Local and Tribal inspectors. The workshop will begin on Tuesday, June 24, at 8:00 am and will conclude at 4:30 pm on Wednesday, June 25.

The agenda for this workshop was developed by a committee consisting of U.S. EPA and State and Local air staff. The purpose of this workshop is to increase inspector knowledge and to improve the network among various State, Federal, Local and Tribal programs. The interaction among these programs is critical in the development of quality inspection programs, particularly with the State, Local and Tribal programs assuming a greater portion of the complex regulations now affecting the regulated community.
